## ARTIST BIOGRAPHY

Apollo Giu is an Italian composer whose musical language was shaped between Apulia and Hamburg: Mediterranean warmth combined with Nordic clarity. His style ranges between melancholy and elegance and thrives on great emotional depth. His works revolve around themes such as love, loss and hope. Ezio Bosso is one of his most important influences.

## MUSICAL SIGNATURE

Apollo Giu combines classical instruments with a modern, minimalist sound language. His music unfolds with a special intensity when performed live: whether solo on the piano or in a duo with violin, he creates moments of great intimacy and intense dynamics.
